

Miscellaneous Fun Gifts

Positioning Statement

Photomax™ presents a whole new look and feel for your photos. With Photomax™ you can order the highest quality, unique photo products for all occasions. Photomax™ offers a wide variety of exciting products, custom designed and created especially for you.

Product Concept

Photomax™ puts your pictures onto the product of your choice. Simply pick the photo products you want, and Photomax™ will put your pictures on them. When you're looking for a great gift, keep in mind you can choose from any of the following unique products:

- Photo Mouse Pad
- Photo Coasters
- Photo Puzzle
- Photo Sports Balls
- Baseball
- Softball
- Football
- Hockey Puck
- Ceramic Mugs
- More!

Target Audience

These products are intended for anyone who wishes to enhance their personal photos. Puzzles, mugs, mouse pads, and coasters make great gifts for birthdays, anniversaries, and special occasions. The sports balls are great for coaches and parents involved in youth athletics. Sports balls are ideal for end-of-the-season awards.

Key Features and Benefits

Photomax™ will print the photo of your choice onto any of these products. Your high-quality printed photos, when placed on our products, make unique and extraordinary gifts for everyone to enjoy.

Product Testimonials

"At our end-of-the-season youth baseball award banquet we gave each child a Photomax baseball with their photo on it. The players and parents all loved them. What a great product for the kids!"

"Just for fun I ordered my husband a Photomax mouse pad with our family portrait on it. My husband loved it. He uses it at work. Thanks for all the fun photo products."

Frequently Asked Questions

How are the puzzles packaged?

Puzzles are packaged in a nice protective tin with the photo image on the cover of the tin for reference when making the puzzle.

What size are the balls—regulation or kid?

The baseball, softball and hockey puck are regular size. The football, soccer ball, and basketball are all mini child size.

Can the sports balls be actually used without ruining them?

These sports balls like any other sports ball will wear with use. This wear will deteriorate the photo over time depending on how it is used. (ie. Indoor versus outdoor use, grass versus street use)

How big are the coasters?

4" x 4" x 1/8"

How big are the mouse pads? What material are they made out of?

The mouse pad is 8" x 9" and made of neoprene with cloth on the photo side.

Do these items require certain dimensions or picture resolutions?

Dimensions are not required because the photos will be sized to fit the desired item. Resolution is more important. It is recommended that you use a minimum resolution of 800 x 640.
